Fun book, but it sorely needs an editor...By LCMLike other reviewers have said, this book is full of good questions, is well organized and is a lot of fun. However, BEWARE, it's full of typos, to the point of being annoying. Too bad the authors didn't spend more time on proofreading.9 of 10 people found the following review helpful. Trivia NightBy CortneyI bought this book instead of buying a prepackaged trivia night kit and so far it's gotten me two great trivia nights and probably a few more. (I don't know how much those

kits usually cost, but I'm sure there's some savings in there.) I love the bonus question section, giving people a 4 or 5 part question. There are a few minor editing errors- an answer put in the wrong place- but it's an easy format that doesn't involve juggling different parts of the book. Recommended for anyone putting together their own trivia night. 0 of 0 people found the following review helpful. Great. By SBLots of fun. Two (or more) can play because the answers are separate from the questions.
