By Elia I've always enjoyed solving brain teasers and logic puzzles, and I still keep some of these books in the family vehicle. Of course interactive books on my iPad are so much better. This book is fun and very challenging at times. There were a few brain teasers that I knew, but several that I had never heard of! Overall it was a good mental exercise.

By Kyle Robertson I create things, and sometimes you need to jog your mind. Your creative well can run dry without any ideas. This was more so neuroplasticity to me. I figured out a few riddles by reading the riddle, and finding the obvious answer, ergo what was Mary's mom's last child's name. Many of them got me like what does every house have. I'd say a wall, but in this day and age, the answer is debatable, overall, a mind twisting few hours.
Entertainment's job.
