you're a Seahawk fan you owe it to yourself to take in some of John Morgan's writing. John obviously loves the team, and you can tell that he's put love and effort into this book. The updated version of this book has a heavy dose of Russell Wilson, Marshawn Lynch, and the Superbowl XLVIII winning team, but there are still articles in here that reach into the Seahawks of years past. John has an appreciation that reaches back to the founding of the team and the team's first reaches at glory. He also has a knack for a witty phrase or a lovely turn of speech. He's literate and- when the situation calls for it- poetic. This is good, solid, fun writing. Pick it up and read about the hometown team. You'll enjoy it. 0 of 0 people found the following review helpful. Awful By Customer What a load of drivel. This guy cannot write an intelligent sentence. I gave up after reading the introduction and made it only half way thru page 2. This book is a joke. If I could get my money back I would! 1 of 1 people found the following review helpful. If you're a fan, it's for you By Dulcinea My daughter's boyfriend came and stayed with us for Christmas. I had only met him once before and was desperate for items to put in his stocking. For the money, this book took up a lot of room and he loved it. He read it throughout his stay with us.
