I did not try any of the barroom bets it describes but I read the first two and, let me tell you, they are hilarious! And they are very, very clever. I had to read them more than once to get it. When I did I laughed out loud. Even if you don't work these tricks on anyone and even if you never go to bars, but you find clever ideas entertaining, you will get a ton of big kicks out of this book. I

recommend it whole heartedly. It's a hoot and a half! 1 of 1 people found the following review helpful. A party lovers book of pranks By M.A. De Neve After years of watching, "Maverick," "Leverage" and "Alias Smith and Jones," I was curious about the ways of a real grifter. This book is more party or local barroom fun and tricks and most of these are cliché. 0 of 0 people found the following review helpful. Five Stars By S. My brother was happy with this little book.

As opposed to offering up typical magic tricks, this hilarious collection of scams, swindles, bets, and stunts features everyday objects and requires no special skills just nerve. Some of the scams presented include how to drink from a champagne bottle without opening it, guess the date on a coin as it spins on the table, and pull a 10-dollar bill out from under a beer bottle without touching or knocking over the bottle. This amusing guide claims that a cheater, armed with the right skills, always wins and provides a crash course in conning at cards, pool, bets, and pretty much any activity where a sucker can be cornered into taking a chance.
