**Thomas Ford : 1000 Amazing Facts About Everything (Interesting Trivia,Funny and Unknown Facts)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 1000 Amazing Facts About Everything (Interesting Trivia,Funny and Unknown Facts):

0 of 2 people found the following review helpful. DEFECTIVEBy hrhtinaThe content of this book was never proofread. There is no evidence that the text was even processed by a spell checker. The pages I sampled contained

misspellings of simple words and were replete with grammatical errors. As both the recipient and I were so distracted by this gross omission in a "published" product, I cannot comment on the veracity of any one of one thousand facts. The gift recipient did mention there were a couple of flawed facts but I never focused on this. I was too embarrassed that I had made it a part of a gift. CreateSpace Independent Publishing Platform deserves to be out of business. The author's time would be better spent in learning how to spell and reviewing a few grammar books or at least running the text through spell and grammar checkers. These are not always correct, depending on the terms and style utilized but they are better than nothing.
