2 of 2 people found the following review helpful. Fun for a hobbyist or middling junior high/high school musician By Barb This is a fun music book for a hobbyist, such as me, or a middling junior high/high school musician. It has the

essence of all the songs in the book, gives room for some improvisation for the adventurous, but is easy enough to play just for a good time. Some of the pieces are not complete, but the essence of the music is there. My primary audiences are my under age 8 grand children and nursing homes, and they seem to be fine and dandy with what I play. 3 of 3 people found the following review helpful. Excellent choice with many favorite melodies By Customer Excellent for beginning to intermediate players. Notation is clear and easy to read. Song are complete and enjoyable to play.
