Ian Whitaker : 107 Modern Magic Tricks with a Svengali Card Deck: The most complete most up to date Svengali manual ever published before purchasing it in order to gage whether or not it would be worth my time, and all praised 107 Modern Magic Tricks with a Svengali Card Deck: The most complete most up to date Svengali manual ever published:

1 of 1 people found the following review helpful. Good Book!By CustomerFun book to add a few new tricks to a show! Keep in mind to use more than a few tricks in the same show you will need different decks with different force cards!1 of 1 people found the following review helpful. Good for starter to intermediateBy Mr Woei yee CHANThis is a good starter to intermediate book. There are plenty of tricks. I found each explanation very clear and the tricks were all do-able for a beginner like me. There are no lame ducks, the illusions are quite impressive when performed well. It's not only a list of tricks and how to do them. Both the introduction and the trick descriptions help to provoke your thoughts on being creative and giving them your own twist or style, very helpful and open minded thinking.1 of 1 people found the following review helpful. Really well writtenBy CarlottaPractical and well described effects, suitable for a wide range of situations and styles ranging from close up to a larger audience. Whatever your level, you can go through the book and find tempting effects to lift straight out and perform, the others you will get inspired by and tweak them or come up with your own. This book is a good investment for anyone who owns a Svengali deck. There are bound to be many effects you have not thought up, or found in the cheap or free leaflets they call books.

The Svengali bible. Designed to let you get the maximum potential from your Svengali deck like no other book has. 107 must-see tricks Plus the most comprehensive introduction ever written on using a Svengali deck Easy to medium skill level Photos of key moves No-nonsense clear instructions Designed to astound mature or young audiences
