From Editions Salabert : 12 Studies Op. 25 Piano Etudes (English Text) (Musical Expeditions) before purchasing it in order to gage whether or not it would be worth my time, and all praised 12 Studies Op. 25 Piano Etudes (English Text) (Musical Expeditions):

1 of 1 people found the following review helpful. Like Op. 10 it is excellent supplemental material for ...By Lavawan RileyThe book is the same format as Op. 10. The books are actually part of a set. It is a valuable asset to have both of the Cortot editions. Op. 10 and Op. 25. Like Op. 10 it is excellent supplemental material for anyone interested in and studying the Chopin Etudes. The book also includes the Etudes along with practice exercises with each study for developing the technique for mastering the technical challenges of the study.0 of 0 people found the following review helpful. A wonderful edition of the Chopin etudesBy Colorado BootmanA wonderful edition of the Chopin etudes. Cortot offers detailed explanations of technical requirements, ideas for conquering the significant difficulties, and

preliminary exercises to be practiced along with the etudes. It is an outstanding edition.3 of 3 people found the following review helpful. I own 12 editions of the etudes.By Serge Marinkovic MDThis is by far the best par none. The ergonomics of Cortot fingering recommendations are priceless and serve each pianist well regardless of level of expertise.

Edited by Alfred Cortot
