The primary reason is that the printing is so poor, Some of the lines are so faint, it's difficult to tell which

numbers belong to which block. I also discovered one puzzle whose answer doesn't fit the puzzle (unless the printing was particularly bad.)0 of 0 people found the following review helpful. Really a 4.5 starBy R. AndrusI would have chosen 4.5 stars had some of the lines been more clear. There were many times when I was led astray because I got confused where a square belonged. Other than that I loved this puzzle book. The puzzles were just the right degree of difficulty for me.
