4 of 4 people found the following review helpful. good, easy baritone song book By JAI bought this for my cousin to

use with his new baritone uke. He loves it. Some good songs and easy to play. Good book, especially for a beginner. I chose this one over the 4 chord book because the four chord book has quite a few more recent songs that he was not interested in, so that would have been less songs for the buck. This book has a nice mix, especially for an older player. 4 of 5 people found the following review helpful. Five Stars By Kindle Customer Fun book 3 of 4 people found the following review helpful.
