3 of 3 people found the following review helpful. Perfect for the beginning guitaristBy I. McMillanI am an absolute beginner, and starting late at that (just turned 34), and this book has given me a great measure of confidence to be able to play the guitar. I am already familiar with most of the songs in the book , so that is helpful, but if they're not familiar you can just look them up, most are very simple melodies and easy to catch on to. I hope to one day be very advanced

beyond this book, but as a beginner it is incredibly helpful. 1 of 1 people found the following review helpful. Good, useful song book By Paul A. Spangler This has been a useful resource. I'm not familiar with all the songs but for the ones I do recognize it's been good to follow the sheet music as I learn guitar. They have plenty of songs to learn and I'm hoping there will be more of this type of book coming out soon. The 4 Chord book is also good. 2 of 2 people found the following review helpful. The product arrived on time and is as described. By Komerican The product arrived on time and is as described. More details: A bit simple after two weeks as an adult trying to learn the guitar for church for the first time. Nevertheless, this really helps the average Joe to get the guitar going with a busy schedule also in life. I found the company offers a 7-chord version of a guitar book that increases that good feeling of creativity.

(Guitar Collection). Two dozen tunes playable on guitar using only G, C and D chords. Includes: Agnus Dei * Because We Believe * Enough * Father I Adore You * Here I Am to Worship * Lord I Lift Your Name on High * More Precious Than Silver * Step by Step * There Is a Redeemer * We Fall Down * Worthy, You Are Worthy * You Are My King (Amazing Love) * and more. No tab.
