Kalman Toth : 300 Hard Word Search Puzzles to Improve Your IQ before purchasing it in order to gage whether or not it would be worth my time, and all praised 300 Hard Word Search Puzzles to Improve Your IQ:

2 of 2 people found the following review helpful. Hard Copy ReviewBy melodixThe kindle version of this got really terrible reviews, but I thought I'd give it a shot in the actual hard copy. Puzzles are legible, albeit the letters are rather small and the grid format makes it harder to see them. The puzzles, however, are nothing special, which is rather disappointing. The author seems to have conflated 'more difficult words' with 'more difficult puzzles', which, in the case of word search puzzles, is not at all the case. These remain procedurally-generated word searches with higher vocabulary words, which is not what I was hoping for with the title of "Hard Word Search Puzzles" - I wish they'd been made by hand, so that they could actually be harder to complete. Still, for what it is it's nice, and certainly delivers on amount of puzzles, if not quite the quality I was hoping for, so it does get four stars.0 of 0 people found the following review helpful. Enjoy though still extremely easyBy HheidieEnjoy though still extremely easy. As easy as it

is I don't truly believe that it's helping my IQ. When it stated hard I was thinking that it would be more difficult and it's not. Maybe hard for a person that has never ever done a word search...0 of 0 people found the following review helpful. Five StarsBy karen cookEnjoy

Make your brain younger while having fun with searching for words! #1 Best Seller in HARD Word Search Puzzles. Increase your brain's effective IQ with daily Word Search puzzle solving. Your IQ (Intelligence Quotient) is considered the leading determinant of your financial and personal success. Word search puzzles are excellent for improving language skills, visual intelligence cognitive abilities. This book contains three hundred hard word search puzzles, with two puzzles on each page. The method for solving each puzzle should be familiar to you if you have worked word search puzzles before. However, the format is unique. Each puzzle has nineteen words listed in a vertical column. The word search puzzle is next to the list of words in a box of letter squares nineteen letters by nineteen letters. The solutions can be found vertically, horizontally, or diagonally, either forward or in reverse order. How to Solve Word Search Puzzles In order to achieve success at any task, one needs to know the best way to accomplish the goal of that task. With word search puzzle solving, the goal, of course, is to solve the puzzle. To do so, there are a number of methods one can use. They are as follows: Take a Quick Look Glance at the puzzle and mark the ones you see immediately first. Develop a Strategy As you work your word search puzzle, a strategy will help you to work faster and more efficiently 1) Check beginning letters. One successful strategy is to look for the beginning letter of the word for which you are searching. Then look at the box immediately to the left and right, above and below, and in both diagonal directions for the remaining letters. At this point, you should see the complete word. 2) Work each row in one direction. For example, work all the rows across first. Then choose another direction, maybe backwards across. Continue until the puzzle is completed. 3) Work the list. Some word search puzzle solvers simply work down the list, looking for each word. Of course, you want to go ahead and mark any other words you see. Work in sections. Whichever method of solution you choose, work your word search puzzle in sections. You dont want to repeatedly do the same area of your puzzle. Take a break. If you get stuck, stop and come back to the puzzle later. Work cooperatively. You can work a puzzle as a cooperative effort. Working with someone else can be fun and make puzzle solving easier. Relax. Dont become frustrated. Each consecutive puzzle should get easier. Go with the flow. Have fun! Puzzle solving is supposed to be an enjoyable activity. Remember to make it one. What Are the Benefits of Word Search Puzzles? Working word search puzzles provides many benefits for our minds. As mentioned previously, we can actually increase our effective IQ. Also, word search puzzles provide our minds with exercise for stimulation and maintenance. In addition, puzzles are good for your minds cognitive (thinking and memory) development. These puzzles provide great opportunity improve the brain's overall health and longevity; there is less memory loss at advanced age, as well as delayed onset and reduced risk of conditions such as Alzheimers disease. Scientific studies have found that our brains actually reorganize in response to new challenges; a word search puzzle provides such a challenge.

Kathleen Greenwood: "The "hard puzzles" may contain some words you are not familiar with so you can look them up and write out short definitions on the page which can increase your vocabulary. One puzzle per page instead of two would decrease the number of puzzles but could be larger print for folks the author refers to as "older adults." Hours of challenges. I would recommend this book to others."About the AuthorKALMAN TOTH, M.A. PHYSICS COLUMBIA UNIVERSITY M.PHIL.
