Great giftBy DeeBought this book for my 13 yr old grandson and his mom says he has been in it almost every day and having a grand time solving the problems. So glad I got it for him.0 of 0 people found the following review helpful. fun bookBy M. BresnahanThis book has lots of fun puzzles. My wife and I have enjoyed competing with each other to see who can finish each puzzle first.1 of 1 people found the following review helpful. VagueBy tonyThe instructions for most problems are vary vague. It's difficult to know if you're doing it correctly or not without clear instructions. I'm thinking of throwing the book away.

With 365 brain games to last you all year, this activity book for grown-ups is a cornucopia of art, science, and mathematics puzzles. It includes mental challenges, visual games, logic posers, riddles and illusions to engage all skill

levels. This ultimate collection of puzzles will keep your brain sharp and active all year long.
