From Kalmus Classic Edition : 371 Four-Part Chorales, Vol 2: Nos. 199-371 (For Organ or Piano), Comb Bound Book (Kalmus Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 371 Four-Part Chorales, Vol 2: Nos. 199-371 (For Organ or Piano), Comb Bound Book (Kalmus Edition):

3 of 3 people found the following review helpful. Kalmus Editions are Highly Regarded By J. Laskey I purchased both Volume One and Volume Two. I was unaware that Vol.2 was for Piano, and Volume One, for either Piano or Organ. Not a problem! Alles ist Gut! Noteworthy features: Simple plastic binding is not a problem. Landscape layout is easy to set up. The pages are easy to turn; the paper feels like 24#, so you know that you won't be tearing a sheet, in case you have to make a quick page turn! The contrast between white sheet and black ink is wonderfully crisp and clear, esp. for poorly-lit music racks...or Heaven forbid...aging eyes! Very happy with this unexpected "find"! 0 of 0 people found the following review helpful. Best chorale book available!!! By Customer This is by far the best edition of Bach chorales I've ever found! This edition comes with a ring comb binding making it very easy to stay open and read. Every other edition of Bach chorales I've owned have been a nightmare to read out of. In this edition the print is large, wide and bold and it stays open on the piano. Bach chorales are highly essential in becoming an effective sight reader as well as improving technique. Reading even 20 minutes a day out of this book will improve a pianist faster than anything else will. This book is a MUST HAVE for any person serious about piano. I HIGHLY RECOMMEND any pianist struggling with sight reading to buy this ASAP. 0 of 0 people found the following review helpful. Seeing without Eye Strain By bird lover Nicely printed, and I can actually see the notes without eye strain. No, the notes are not super huge, but just right. 14-point, maybe? Perhaps it is the dark ink used. Probably could read this in low light. Comb binding is the icing on the cake. And of course, you can't go wrong with Kalmus editions.

Total 371, Nos. 199-371 in this volume. Volume 2 of Bach's historic settings of the chorales. C. P. E. Bach said of these chorales: "Those connoisseurs of the art of harmonizing and composing settings will likewise not withhold their praise when they observe with appropriate attentiveness the very unusual manner my father uses to set up harmony in these settings, the natural flow of the inner voices as well as the bass, factors which set these chorale settings apart from any others." The comb binding creates a lay-flat book that is perfect for study and performance.
