492 Great Things About Being Italian is fun, informative and catnip for 17 million Italian-Americans. It follows in the footsteps of other successful books aimed at this minority proud of its remarkableand ongoing!heritage. It comprises

492 (as in 1492) individual people, things, places and phenomena that make one proud to be Italian (or half-Italian, which adds millions more to the target market). But one doesn't have to be Italian to enjoy this book, any more than one has to be Jewish to love rye bread! Italy is America's second-favorite travel destination outside North America, and Italian foods, celebrities, entertainment, etc., are popular with most everyone. It's also the kind of book that once you peek inside, you won't be able to read just one entry of the 492 items like potato chips!
