George W. Givens : 500 Little-Known Facts in U.S. History before purchasing it in order to gage whether or not it would be worth my time, and all praised 500 Little-Known Facts in U.S. History:

0 of 0 people found the following review helpful. Five StarsBy Customerjust the right gift for a reader and history buff0 of 0 people found the following review helpful. great book!By DRStillerAs a long time history teacher, I love this book for stories I can bring to my students. engagingly written, enjoyable to read!0 of 1 people found the following review helpful. Easy ReadBy brondyblueThe author clearly knows his history. The book is filled with fun little tidbits. It's not necessarily a scholarly text, but if you're looking for something fun to pick up and read now and then, it's a nice little book. I also used it for throwing some interesting facts at my 8th graders. They always like to hear

something a little different and surprising.

The more we know about the past, the better we understand the present. Do you know? That Pocahontas wasn't the only daughter of Chief Powhatan to be courted by an English explorer? How dead English soldiers took revenge on a tribe of Indians that massacred two thousand unarmed English prisoners? The name of the woman patriot who rode five times as far as Paul Revere on the same kind of mission? Which two former presidents died fifty years to the day after the signing of the Declaration of Independence? What Abraham Lincoln's last words were just before he was assassinated at Ford's Theater? The name of the president who introduced sexual shenanigans into the White House long before Bill Clinton arrived? That the military mounted dummy cannons, known as Quaker guns, to protect the White House during World War II? In this entertaining and enlightening book, you'll learn little-known facts from America's colorful past that you'll never forget! From the author of *500 Little-Known Facts in Mormon History* and *500 More Little-Known Facts in Mormon History*.
