Highly recommended for Jason fans! By Russ Slater Fantastic book from an author who really knows his stuff. I've loved this series for years, and I still learned a lot from this trivia book. A must-have for the collection of any true Friday the 13th/Jason fan! Now I've just GOT to have other books from this author.

Author Gene DeRosa put countless hours of research into this, his first book. It covers all the trivia you will ever need to know about the Friday the 13th movie franchise. The book includes many different types of trivia: straightforward question-and-answer format, multiple-choice format, as well as many informative and thorough tables listing things like the actual shooting locations for each film, all of the family relationships that have occurred in the films, and even a list of actors who were almost in one of the films. At the back of the book, you will find his own unique take on the franchise timeline, which he pieced together using many resources, including dozens of web sites and the movies themselves, and filled in the holes using some common sense and deductive reasoning. Every date that is in his timeline are actual dates on the real calendar, which one exception: the original film date of Friday June 13th, 1979, which is clearly printed on the screen in the original film. It did not exist, but he had to leave it to remain true to the film. This is something they fixed in the remake's timeline as they used the date Friday, June 13th, 1980, which was a real date. Also in the book is the 40-page Kill Index, which lists every character that was ever killed in the franchise, who killed them, and by what means they met their end. Many of these are accompanied by some fun facts. Whether you want to just test your own knowledge of everything Jason Voorhees and Camp Crystal Lake, or if you want to use it as a game at a party with friends, it is sure to be hours of fun and interesting facts about everyone's favorite horror movie slasher.

From the Back Cover 6-13 A Friday the 13th Movie Trivia Book is a comprehensive compilation of more than 700 trivia questions and facts all about the most popular slasher film franchise of all-time. Jason turned 68 years old on Friday, June 13th, 2014 (according to the original timeline), and has been featured in films for more than three decades now. In his path, he has left a ton of dead bodies, dozens of cool kills, and hundreds of trivia tidbits. Did you know that the first person Jason killed while wearing the now-iconic hockey mask was Vera Sanchez in Part 3? Oh, you did? I bet you didn't know that Catherine Parks, who portrayed Vera, was Miss Florida and a runner-up in the 1978 Miss America Pageant. She wasn't the only pageant queen in Friday films, though. One actress was named Miss Teen USA in 1985. Want to know Hu? See page 63. How about "Who got to kill Jason's prop heart from Jason Goes To Hell when it was used in another film?" You can find out on page 50. The book includes a full timeline of all twelve films. It also includes the Kill Index, the most comprehensive list of each and every kill -- all 202 of them through the twelve current films, how each character met their end, who killed them, and any interesting notes about the death. The book also has an entertaining foreword written by Ari Lehman, the First Jason! Read along as he shares some of his on-set experiences as a 14-year-old actor playing a character that would become a thing of legend. Here's what he has to say about the book: "6 - 13 A Friday the 13th Movie Trivia Book is the perfect accompaniment to a night of Friday the 13th fun with friends at home or at a local pub. I welcome everyone to return to Camp Crystal Lake where Mama Voorhees is waiting for you, and remember . . . JASON NEVER DIES!!! Ari Lehman/FIRST JASON" If Jason likes it, it has to be good!
