J S Bach, Hub Guitar : 6 Sonatas and Partitas for Solo Violin before purchasing it in order to gage whether or not it would be worth my time, and all praised 6 Sonatas and Partitas for Solo Violin:

0 of 0 people found the following review helpful. Missing Pages!By lisageeThe first comment is correct: There are pages missing from this edition. I compared it against the Dover edition, and there are pages missing from the middle of the last Partita. That is very disappointing, and I hope it will be corrected in the future. Other than that, it appears to be fine. It's a smaller format than some, so it is a little cramped on the page, but it is readable. Except for the missing pages, it is about what you could expect for this price.0 of 0 people found the following review helpful. In the 6th Partita, the Preludio, is incomplete ...By TRIn the 6th Partita, the Preludio, is incomplete. It is missing the remaining pages for Preludio, Loure, and the first part of Gavotte en Rondeau.0 of 0 people found the following review helpful. Five StarsBy Mariano Ramosnothing to object in bach

This complete collection of 6 Sonatas and Partitas for solo violin has become a standard of violin repertoire. This reprinted version has been carefully engraved and checked thoroughly for accuracy. We hope to bring the joy of playing this music to as many learners as possible. This sheet music is in the public domain, so we are able to offer it at the lowest price. In addition to solo violin, these works are often performed by other treble-clef instruments such as guitar. This edition has no fingerings; the player is encouraged to mark his or her own. Please buy a different edition if you need fingerings.
