Some answers are unusual, not commonly used words, and require some digging. A good way to improve your vocabulary, though. Not recommended if your vocabulary in general or pop

culture knowledge is limited. Still it was a fun challenge and entertaining. I would generally recommend it. It is best used if you can try to think of an answer first and then match it to the choices. 1 of 1 people found the following review helpful. Printing/ Binding Errors, Puzzles OK By SS in Montana The puzzles are fine but the book is printed backwards and upside down. In other words holding the book pages correctly, you see the book's back cover upside down. Pages are not trimmed correctly either but doesn't affect solving the puzzles. 4 of 4 people found the following review helpful. 7 Little Words Books By Jennifer M.
