I also teach beginning guitar to Junior High High School students. This book is GREAT for both. I use it for worship services because even novice musicians can follow along. By using this book, budding guitarists can participate on the praise team after just a few months of practice. If you don't like the key they are written in, simply capo up a few frets and enjoy! The book is broken up into sections. It starts out with a large

section (over 25) of contemporary worship songs (Everlasting God, God of Wonders, Indescribable, etc.), followed by a section of 15-20 well-known and well-loved hymns (Amazing Grace, I'll fly away, The wonderful cross, etc.), then a section of Christmas Carols (Silent Night, First Noel, Away in a Manger, etc. About a dozen or so of them.) and even includes an entire section of children's songs (Jesus Loves Me, The B-I-B-L-E, Father Abraham, etc.) that are VERY useful for the little ones, and a small section of well-known patriotic tunes (God Bless America, America the Beautiful, etc.) I own many songbooks that I've acquired over almost 3 decades of playing music. This book is the ONLY one that stays in my guitar case. It's everything you need with none of the fluff. By far the most useful songbook I've ever owned. I have bought copies for many of my students, and even another worship leader that is a friend of mine. I have been asked to play a few times at different Christian events without any warning (FCA meetings, church camp, etc.), and I just pop this book out play away! WELL worth the money! 1 of 1 people found the following review helpful. There are a few good songs, but most are average compositions. (No offense intended to Mr. Roberts.) The strum-alongs are not that easy to find. Songs are strangely organized in the book. 0 of 0 people found the following review helpful. A great resource for Worship folk. I purchased this for the lyrics mostly but there are some tips included for the beginner. As a Worship Leader I needed some material that was new and old and this fit the bill.

It is easy to play all the best songs with just a few chords! You don't need a single barre chord to play any song in this book. Finally!!! You can have the best modern worship songs, hymns, kids songs and Americana songs all arranged in the easy-to-play keys of G or D. You will use it every time you play with your band, lead worship or have a campfire jam. This is the official songbook for the Modern Worship Guitar Lessons Program by Eric Michael Roberts. This new third edition includes the top five new songs from the new WorshiptheKing worship band Eureka Park - Includes chord charts and strumming patterns to get you going!
