The book helps a lot and I like it, but I got good music education and it just needs to tickle my memory which it does well. I cannot tell how it would work for a true beginner.0 of 0 people found the following review helpful. Great dealBy A. FigueroaGreat price, and delivered as promised, new, but just remember, it's snail mail, took over a week to arrive, so plan ahead, otherwise for more money local music/bookstore have it the latest the next day.0 of 0 people found the following review helpful.
