He actually really liked it, which is rare for him! 0 of 0 people found the following review helpful. Four Stars By MARK C URICK No problems 3 of 4 people found the following review helpful. Good production of a classic work By SKM This is a good production of a classic work. It seems to capture the "feel" of the story (as I understand it), but not with the impact that I expected. Probably too graphic for younger children.

Capture the wonder of the holiday season year-round with A Christmas Carol. Remaining true to Dickens' original Christian tale, this dramatization presents the story of Ebenezer Scrooge, the ghosts of Christmases past, present, and future, and, of course, Tiny Tim. It's a captivating presentation that will delight listeners and impress upon their hearts its life-changing message.
