Donald Francis Tovey : A companion to Beethoven's piano-forte sonatas: (Complete analyses) before purchasing it in order to gage whether or not it would be worth my time, and all praised A companion to Beethoven's piano-forte sonatas: (Complete analyses):

0 of 0 people found the following review helpful. I was disappointed that there was not more analysisBy Joe in COEEach sonata gets a short introduction -- some are more detailed and interesting than others, but not really very much information. The bulk of the work is a measure-by-measure description of chords, rhythms and various motifs, with very occasional commentary. I was disappointed that there was not more analysis. I am learning to play many of these sonatas, and I am gleaning a little bit of insight from this book, but only a little. At least I know what Andras Schiff refers to when he "...disagrees with Mr. Tovey."0 of 1 people found the following review helpful. Five StarsBy Albert A.Excellent service, a very good early edition copy for a reasonable price.
