W. H. Hadow : A Croatian Composer: Notes Toward the Study of Joseph Haydn (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Croatian Composer: Notes Toward the Study of Joseph Haydn (Classic Reprint):

Excerpt from *A Croatian Composer: Notes Toward the Study of Joseph Haydn* It is not for me to determine how far the subject will be of interest to English readers. We have somewhat forgotten Haydn: we do not always attach great importance to abstract problems. But I venture to think that the practical issue is not insignificant, and that in any case the question of historical truth is one which demands some consideration and regard. There is little need to say that I am myself convinced of the point which I have endeavoured to make if the facts have been misinterpreted, at least the endeavour may invite discussion.
