Carolyn Abbate, Roger Parker : A History of Opera before purchasing it in order to gage whether or not it would be worth my time, and all praised A History of Opera:

1 of 1 people found the following review helpful. a treasure for every opera loverBy Francis MaesThe authors are great specialists, who nevertheless know how to write for a large readership. This is a brilliant example of great scholarly expertise turned into a readable text.1 of 1 people found the following review helpful. Be carefulBy Dr. AudioThere is no hardcover version of the 2015 update.1 of 1 people found the following review helpful. Very informative!By SuzsThis book helped me fill in many gaps in my opera education, and enhanced my understanding of

opera.Great book!!!1

The best single volume ever written on the subject, such is its range, authority, and readability. *Times Literary Supplement* Why has opera transfixed and fascinated audiences for centuries? Carolyn Abbate and Roger Parker answer this question in their effervescent, witty (*Die Welt*, Germany) retelling of the history of opera, examining its development, the musical and dramatic means by which it communicates, and its role in society. Now with an expanded examination of opera as an institution in the twenty-first century, this lucid and sweeping (*Boston Globe*) narrative explores the tensions that have sustained opera over four hundred years: between words and music, character and singer, inattention and absorption. Abbate and Parker argue that, though the genres most popular and enduring works were almost all written in a distant European past, opera continues to change the viewer physically, emotionally, intellectually with its enduring power. 24 pages of illustrations

From Booklist A history of opera is not lightly undertaken in this Age of Information, particularly when it attempts to survey the entire 400-year period. Abbate and Parker are up to the task and have more than succeeded in this thoughtful, wide-ranging look at this art form. The opening chapter sets the stage with an overview of a number of operatic issues, including words and music, the question of reality onstage, and popularity and conventions in staging. Succeeding chapters discuss opera's origins, major composers, and styles at length. This is not a dry recitation of musical facts but a collection of interesting, well-reasoned discussions supported by abundant references to contemporary writings, critical studies, biographies, and other sources. Opera fans who wish to go beyond program notes will appreciate the care and scholarship that went into this rich and elegant history. --Carolyn Mulac
Fantastically clear-sighted and down-to-earth . . . focuses on what opera is and was rather than what it should be or would like to have been. . . . Their virtuosic spring-clean of opera's past reveals an art form quite different to the one that we come across today. - *The Telegraph* (UK) Reason to applaud . . . vast scholarly authority is put to the service of a narrative both lucid and sweeping. - Jeremy Eichler, *Boston Globe* Unfailingly intelligent . . . their coverage of every period in opera's history is scrupulous and provocative. - *Kirkus* s Will surely become essential reading for anyone seeking an engaging and highly informed chronicle of the great composers and their works. - Daniel Snowman, *Opera* A highly idiosyncratic and personal history of opera. [It] has a brio, insouciance, and even irreverence that are very much their own. - G.W. Bowersock, *The New Republic* Fresh . . . brave, challenging and, above all, useful. - *Literary About the Author* Carolyn Abbate, professor of music at Harvard University, is the author of *Unsung Voices* and *In Search of Opera*. She writes on film, philosophy, and opera and has also worked as a translator and dramaturge. She lives in Princeton, New Jersey. Roger Parker, professor of music at Kings College London, writes on opera and music in London. He is the author of *Leonoras Last Act* and *Remaking the Song* and was a founding coeditor of the *Cambridge Opera Journal*. He lives in Hampshire.
