**From Faber Piano Adventures : Accelerated Piano Adventures For The Older Beginner, Technique and Artistry Book 1** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Accelerated Piano Adventures For The Older Beginner, Technique and Artistry Book 1:

4 of 4 people found the following review helpful. Ordered by accident By Burton, OHI actually ordered this accidentally thinking I was ordering the lesson book--which I highly recommend. This is well done. I just find that I would rather have most of my beginning piano students just concentrate on what is in the lesson book so they can progress faster. It's just me. If you are after a beginning book on piano technique, it's one of the better ones. 1 of 1

people found the following review helpful. Five StarsBy CustomerGreat for my 16 year old student that has never had one music lesson.4 of 4 people found the following review helpful. Great for older beginners!By STI love this method for my older students. The activities are fun and interesting without being too childish, and the pieces are very enjoyable. It provides a nice transition into beginning classical repertoire.

(Faber Piano Adventures ). Designed for the teenager or transfer student, this technique course combines "Technique Secrets" from both the Primer and Level 1 with new exercises that correlate with Accelerated Piano Adventures Lesson Book One. The integration of technique and artistry gives students the tools for expressive performance. "Technique Secrets" develops a technical foundation, while the "Artistry Magic" page at the end of each unit explores expressive playing.
