Two Stars By Luiso A lot of rests are missed in many compositions 5 of 6 people found the following review helpful. It is all coming back to me By Trigal68 I couldn't remember a thing about music theory when I purchased my digital piano. I bought a few different music books but this was perfect. Took me through all the basics

which I had forgotten. Easy to follow. The whole series is meant to be used with a piano teacher which is why I rated one of the other books a bit lower, but this still served its purpose.

(Faber Piano Adventures ). Correlated with the 12 units of the Lesson Book, this book provides valuable reinforcement of theory, concepts through writing, sightreading, and ear training activities
