**Speedy Publishing LLC : Activity Books: Bugs Mazes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Activity Books: Bugs Mazes:

In this age of electronics, it can sometimes be difficult to find a book to keep a child's attention. But "Bugs Mazes" does that. The 48 mazes in this book make for a good challenge for boys and girls ages 3 to 8. Along with helping a child develop some early problem solving skills, parents can give them the book when at places like a restaurant, doctor's office or other function in order to make the waiting time more bearable.
