From Faber Piano Adventures : Adult Piano Adventures All-in-One Piano Course Book 1: Book with Online Media before purchasing it in order to gauge whether or not it would be worth my time, and all praised Adult Piano Adventures All-in-One Piano Course Book 1: Book with Online Media:

0 of 0 people found the following review helpful. Good Learning tool - wish the CD was included with mine By Jazzin' in Jersey
The lessons and teachings are really excellent. My uncle recommended it as he is a musician and instructor for over 50 years. Problem is - I think a CD was supposed to be included and it wasn't I just noticed that ! But the songs are recognizable and fun to play. I find the most challenging part of the piano is the LEFT hand ! I drew a big chart for myself and labeled it with the notes that would be played with the left and right hand with the corresponding

Cheat words (AGBFA FACE)It helps alot, especially if you end up skipping a few weeks !37 of 37 people found the following review helpful. Adult Piano Adventures for Classroom useBy Dr.Edward W. LeavittI've been using the Fabers' Adult Piano Adventures as the text book for a college non-majors beginner piano class. I also use it for certain individual lessons.The students seem to like it and, for the most part, get it. One complaint - we all miss the Sonatina in C that was in the older editions.0 of 0 people found the following review helpful. ... adult eaching myself to play the piano and I like the music selections in this bookBy Kindle CustomerI am an adult eaching myself to play the piano and I like the music selections in this book. When I was around page 50 or so though and felt like I was missing something... I don't think there are enough examples or explanations of each concept. Each page teaches a concept, there are one, maybe two short pieces to practice, then on to the next concept. I ordered the version for "Older Beginners" which has 3-5 books versus one (although not spiral bound), and there are many more pieces to practice on, and each concept is explained a little more simply and thoroughly. That seems to suit my old, antiquated brain speed a little better.

(Faber Piano Adventures). Adult Piano Adventures enables the adult beginner to play music for pleasure while developing musical understanding. This comprehensive "All-In-One" book includes lessons, technique, and theory in a single volume for ease of use. Book 1 presents the fundamentals of music notation, chord playing, and musical form. The redesigned layout improves information hierarchy, putting focus on key concepts and step-by-step learning. Online support is now included, with over two hours of instructional videos and audio accompaniment tracks that inspire rhythmic vitality and artistic expression. Songs include: Amazing Grace * The Can-Can * Catch a Falling Star * Danny Boy * Eine Kleine Nachtmusik * The Entertainer * Greensleeves * The Lion Sleeps Tonight * and more!
