We have a great piano teacher, and she recommended this adult book to me. So far I just done with the book 1 and I started this book 2 today. I know learning

piano is a long way to go. but I am happy I finally started it. My 5 year old son is doing very well too, to keep up with him is a big motivation for me to practice harder.It's going to be so much fun to learn together! (except sometimes a little pain,lol, you know what I am talking about if you have a young kids who is learning piano)4 of 4 people found the following review helpful. "Once more into the breach"By violeeThe format, the quality of paper, the clarity of font and illustrations all invite the reader to spend time with this book.. The content for me was just right. I have had plenty of musical experience, but not with piano.. I knew the names of the keys, the notes on the treble clef and how to count, which is quite a bit from the point of view of a beginning student. The book was perfect for me, returning to piano 40 years after my last lesson.1 of 1 people found the following review helpful. Excellent Collection for Adult Beginner on PianoBy scgrantA very good collection of songs along with theory and technique suggestions for the adult beginner. This is one of the core books that adults taking piano lessons for the first time, or catching up after a long break can use to get back up to speed.

(Educational Piano Library). The Adult Piano Method Book 2 begins with a brief review of concepts covered in Book 1, then proceeds step-by-step through 5-finger patterns in C, G, and F all the way through to major scales in the keys of C, G, and F and their related scales A, E and D minor. Just as in Book 1, the imaginative and entertaining music found throughout Book 2 makes learning a pleasure and a key factor for student success. Great solos emphasize and support the introduction of new concepts in logical, steady sequence. These enticing solos encourage students to move ahead, and they are rewarded with two great arrangements from every adult's "Top Ten" list: "The Entertainer," and "Für Elise." Improvs, Quick Licks, Ad Libs, Sight Reading, and Technique Tips sprinkled throughout focus on using new skills and add musical fun along the way. Online audio accompaniments are by Phillip Keveren.
