**Flint Dille, David Marconi, Deniz Cordell : Agent 13 and the Invisible Empire: Part 1: A Radio Dramatization**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Agent 13 and the Invisible Empire: Part 1: A Radio Dramatization:

0 of 2 people found the following review helpful. Not for MeBy JMDAlthough it had some brilliant moments in character and dialogue, it is watered down with religious controversy, curse words, and overly descriptive violence. Won't be getting the second part.4 of 4 people found the following review helpful. Excellent rideBy Greg BlairIn the spirit of 1930s and 40s action stories (The Shadow, Indiana Jones come to mind), Agent 13 delivers. I had a great time listening. Plenty of cliffhanger moments, great characters, punchy dialogue true to the genre. Part I absolutely left me wanting to hear more. Well worth the price of admission.

As a child, he was abducted from his home by an organization known only as The Brotherhood. His past was taken from him. His name, erased. The Brotherhood trained him in the arts of power and deception, and he seemed destined to become one of their finest operatives. Then he learned the truth. The Brotherhood planned not to guide mankind along the paths of enlightenment but instead to remake the world in their own image. So he fled and swore to stop them by any means necessary. In the fall of 1937, The Brotherhood emerged from its sinister shadows, plotting a debilitating global war. And only one man stood in their way. Agent 13: The Midnight Avenger. A master of disguise, his quest brings him face to face with new friends and old enemies, devilish death-traps and fatal femmes, and a conspiracy as old as civilization itself. Bursting forth from the pages of the exciting and popular novels written by Flint Dille (The Transformers Animated Series, An American Tail: Fievel Goes West) and David Marconi (Enemy of the State, Live Free or Die Hard), the award-winning Colonial Radio Theatre on the Air presents the next step in thrills and suspense. Filled with vivid performances, immersive sound effects and an exciting original music score, Agent 13 and The Invisible Empire: Part One is a nail-biting production overflowing with action, mystery, adventure, romance, and wit that never comes up for breath.
