By Ruth E. Shulman
This was not what I was expecting from the description or the basically humorous cover art. A bit of a disappointment.

Hilariously funny and oddly informative Stella Rheingold's "Ain't it Awful" is the perfect gift for the chronic grumbler, or anyone who wants to get their gripe on! In this laugh out loud tour of all things unsatisfactory you will learn all about why we complain, the different types of complaints, how to complain successfully, and how to deal with other people's moaning. With her humorous take on all that is wrong with world, Stella dives head long into the rich world of possibilities for the committed grumbler. This fun, light hearted book proves that Comedy truly is the whiner's art form. **WARNING!** May contain opinions and ideas that you disagree with.
