Al Baker : Al Baker's Books of Magic Tricks - Book One Two (Demon) before purchasing it in order to gage whether or not it would be worth my time, and all praised Al Baker's Books of Magic Tricks - Book One Two (Demon):

0 of 0 people found the following review helpful. A classic!By BrodyAAnyone that knows anything about magic will recognize the name Al Baker...and for good reason. He created some really strong magic, and in these books shares some of them. BE FOREWARNED. The methods used are really old. There are probably newer and in many cases

better ways of doing the tricks, but it's so nice to see the original. Plus, he's a charming writer. And for those of you that are much aware of magic, there's what to my eye appears to be the basis of the ZigZag Cigarette buried in this book. 0 of 0 people found the following review helpful.
