Good, but has melody in the piano part By Jonathan Mcinnis The description on does a poor job on informing you what kind of accompaniment you are receiving in this book. This book has the melody in the piano part. If you don't want the melody in the piano part, look for the book that says only "Vocal Selections" on top instead of "Piano / Vocal Selections". That book seems to be available on but isn't fulfilled by .I ended up buying the other book as well after finding it and found that, although there are some very slightly minor differences between the piano parts, they were pretty much the same other than the melody being in there. It also doesn't seem to be dumbed down that much like many other piano books out there. I would definitely recommend this book. Just make sure you know what you want in the accompaniment before purchasing this. 0 of 0 people found

(Vocal Selections). Disney's hit 1992 film is now a Broadway musical! Our arrangements are in standard piano/vocal format with the melody in the piano part. It also includes gorgeous photos from the Broadway production along with 13 songs: Arabian Nights * One Jump Ahead * Proud of Your Boy * Babkak, Omar, Aladdin, Kassim * A Million Miles Away * Diamond in the Rough * Friend Like Me * Prince Ali * A Whole New World * High Adventure * Somebody's Got Your Back.
