Kirkpatrickthe Schirmer edition - Bach Album of Twenty-One Favorite Pieces is a book of music that I grew up using, a long time ago. I recently pulled out my, somewhat tattered, book looking for teaching pieces. There are enough really good pieces to make it practical for students today.0 of 0 people found the following review helpful. Classic well edited collectionBy MatthewThis is

me second purchase of this book. The first was about 25 years ago from a book store. I loaned it out a while ago and gave up on getting it back. I bought it again and really enjoy the pieces. It's got a great arrangement of the 6th violin sonata prelude in E and many other favorites. 0 of 0 people found the following review helpful. Schirmer's are the best! By MQuigley I love the Schirmer's series - this book doesn't disappoint! It seems like a good sampling of Bach's most famous works.
