Chris Grillot : The Rougarou before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rougarou:

1 of 1 people found the following review helpful. Someone call Michael BayBy J. ChristensenAfter having read The Rougarou, I can't say for certain it changed my life, but I did get whiter teeth, my stock holdings went up in value, my dogs now pay more attention to me, and both men and women look at me admiringly on the street. I recommend you try it and report back as well. If nothing else you're going to get an entertaining read from a story that should be made

into a movie. Someone call Michael Bay and let him know! 0 of 0 people found the following review helpful. Well worth the read
By L. Becker Love when a story makes you want to keep reading to see what's going to happen next and that's exactly what Rougarou does. You feel like you're right there with the characters. Being from Louisiana I felt quite the connection to this story. Well worth the read. Would love to see it on film!

When a brutally injured Union deserter shows up telling of a murderous beast in the Louisiana swamps, the sheriff must team up with an outlaw game trapper and freed slave to save his town as the Civil War rages.
