It has an indie section that includes About Schmidt and Transformers gets an entry, but the book fails to mention early marvel hits like Spider-Man and X-Men. 0 of 0 people found the following review helpful. fun read. By Howard Garb Well written, engaging photos, fun read. 0 of 0 people found the following review helpful. This is an interesting film guide By Sean This is pretty good. It covers 101 films and essays about trends in films. It also min-career overviews of actors and directors.

From Hollywood blockbusters like The Departed and The Hangover, to indie gems like Donnie Darko and Shaun of

the Dead, to children's favorites, such as Toy Story 3 and WALL-E, the twenty-first century has already provided us with a wealth of amazing films. Packed with numerous film stills as well as features covering the Top 21 key actors and actresses, genres and their mash-ups, and more, The Rough Guide to 21st Century Cinema is a must-have for any movie buff and film aficionado.

About the Author Adam Smith is a senior feature writer at Empire magazine, one of the bestselling publications in both the US and the UK.
