Legal in all 50 states, this entertaining, informative, and whimsically illustrated guide covers 4,000 years of weed and its significance psychoactive, cultural, medical, sexual, and more in just 22 pages and with 20 scratch--sniff scents. From the science behind the munchies to the botanical link between weed and beer; from weeds sexual upsides to its (literal) sexual downsides; from Tupac to Shakespeare to why weed makes music sound better: This book may just be the greatest-ever gift for anyone from the cannabis connoisseur to the cannabis curious.

"The Scratch Sniff Book of Weed is more serious than you think. Its not just about novelty, its about knowledge."
