Guy Adams : The Sherlock Files: The Official Companion to the Hit Television Series before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Sherlock Files: The Official Companion to the Hit Television Series:

34 of 35 people found the following review helpful. For fans young and old! By J. C. Goldenberg My 15 year old daughter and I are huge fans of Sherlock so I saw this book and bought her a copy. This is a great book! Very funny! It is written like it is John Watson's scrapbook and there are post-it notes throughout from Sherlock and John! Gives some interesting insights to the episodes! We love it! 3 of 3 people found the following review helpful. A Gem of a Book -- 5 Stars! By westlady I admit I am "Sherlocked", so I had to have this. It's a wonderful and unexpectedly thorough

exploration of the episodes. So many little gems inside to find, and it really does feel like a casebook, with wonderful photos, quotes, printed "sticky" notes (photographs, but they look like stickies)--it's just plain fun! Highly recommended to all who love the series, as I do. 0 of 0 people found the following review helpful. For any Sherlock fan... deerstalker optional....By Eileen M. Newman This would be a welcome gift to anyone who is a fan of BBC's Sherlock. It truly has the feel of the show within its pages. It is a fairly quick read but after reading it through quickly the first time out of eagerness, you will probably want to read it again soon for sheer enjoyment. And hey, with all that time between one series to the next, feel free to refer to it for a bit of a Sherlock fix in the dry spell....I really like the blog posts from John and other characters for a more inside look into them and into the cases. I highly recommend this book!

The Ultimate and Official Guide to Seasons 1 and 2 of the Hit Series Sherlock A Must-Have for all Sherlock Fans. Sherlock: The Casebook offers a multidimensional companion to the PBS hit show Sherlock. Covering the first two seasons in vivid detail, each case is richly captured on the page and re-examined through Dr. Watson's blog, Inspector Lestrade's police reports, and newspaper articles about the crimes. Sherlock's detective notes and any surviving clues from the cases are also included. Interspersed among the evidence are exclusive interviews with the stars of the show, Benedict Cumberbatch, Martin Freeman, and Rupert Graves; writers and co-creators Mark Gatiss and Steven Moffat; and the production team on everything from writing the scripts and bringing the characters to life on-screen to how the new Sherlock both reinvents and pays homage to Arthur Conan Doyle's iconic detective.

Fans of the first trilogy will unquestionably return for this second installment but newcomers should drop everything and jump on board.- (The Hollywood Reporter) Is Benedict Cumberbatch the best-ever Sherlock Holmes? I think so. (People) This is TV pleasure at its most intense- (USA Today) [A] cool companion to the Benedict Cumberbatch series . . . Amuse yourself with it until new episodes arrive later this year. (USA Today) About the Author Sherlock Holmes fan Guy Adams has written two original Sherlock Holmes novels, *The Breath of God* and *The Army of Doctor Moreau*, as well as *The Case Notes of Sherlock Holmes*, a fictional facsimile scrapbook published to coincide with the 150th anniversary of Conan Doyle's birth. He has also written three bestselling *Life on Mars* tie-in books, including *The Rules of Modern Policing*, as well as two *Torchwood* novels, *The Men Who Sold the World* and *The House That Jack Built*.
