Paul Ruditis : The Star Trek Book (Big Ideas Simply Explained) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Star Trek Book (Big Ideas Simply Explained):

7 of 7 people found the following review helpful. For casual fans
By ChamA very basic book about the Star Trek universe. Just basic information from all the episodes from the different series. I was hoping for a more detailed approach. The book isn't bad, by any means. It is laid out well and looks nice. If it was someone who is a casual Star Trek fan, this would be a good book. A hardcore fan won't find any use for this book.
4 of 4 people found the following review helpful. Great for any Star Trek enthusiast
By B. PriceThis tells the story of Star Trek. It's great to keep on the coffee table for conversation. Even better to break it out when watching one of the series or movies to look something up!
