**John Roach, Mary Sweeney : The Straight Story** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Straight Story:

went to a friend's house to watch the movie. It's a gentle, colorful story, filled with the beauty and generous characters of northeast Iowa. Much better as a movie than a book(screenplay).3 of 3 people found the following review helpful. A Great AdditionBy Bernard J. PokorskiThis screenplay is a great addition to the movie, which is probably my very favorite movie of all time. The book contains scenes that were either left out of the movie during it's filming, or "wound up on the cutting room floor" during editing. That's a shame. I'm hoping that maybe someday Disney will produce DVD of the movie that includes these deleted scenes.RIP, Richard Farnsworth, and May God Bless You.0 of 0 people found the following review helpful. Five StarsBy Sharon E. ColclasureThis is a great c of a heart warming true story.
