Bill Smith : The Vaudevillians before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vaudevillians:

0 of 0 people found the following review helpful. The Original EntertainersBy karengershThis is a condensed version of a forgotten period of entertainment history. The author interviewed many now forgotten pioneers and talented people like: George Jessel and Benny Rubin. It was even nice to read a few words by Harry Ritz of the long forgotten Ritz Brothers who began as teenagers. All have fond memories of their experiences. The author also discusses the later half of the era and its performers who carried on The traditions. A good read for historians of American entertainment and performers. 0 of 0 people found the following review helpful. Great storiesBy ohsolomiaGreat stories
