Just reading the first couple of pages she could see the difference of what was written and what actually decided to film. it was a great christmas present.0 of 0 people found the following review helpful. THE GENUINE ARTICLEBy PeterIt's all here. I'm amazed by how slender the screenplay is, but it's all here, including some minor annotations, a photo insert, and several appendices.0 of 0 people found the following review helpful. 1989 book, paperback, published to commemorate the 50th anniversary of the world's most beloved motion picture. The script was published for the first time. Every word of the dialogue and the complete lyrics of every song is included, plus much more than is evident from a viewing of the famous movie.
