Darren Aronofsky, Robert Siegel : The Wrestler before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Wrestler:

Darren Aronofsky's *The Wrestler* is an insightful behind-the-scenes meditation on the film's provocative characters and the choices they make. Once a hugely successful WWF wrestler, Randy 'The Ram' now ekes out a living performing for diehard wrestling fans from the 1980s in high school gyms and community centers around New Jersey. But when he suffers a heart attack, Randy's doctor tells him he needs to lay off the steroids and stop wrestling altogether. Forced out of show business, Randy begins to evaluate the state of his life. But the pull of the spotlight is too strong and he

attempts once again to find his way back into the ring. Featuring actors Mickey Rourke, Academy awardwinning Marisa Tomei, and Evan Rachel Wood, this book is an extension of Aronofskys filmic vision, and will contain film stills, the original shooting script, still photos, original art, and observations by its creators, cast, and crew.
