**J. S. Bach, Joseph Thompson : Thirty Chorale Preludes of J.S. Bach, From the Neumeister Collection (Mel Bay Archive Editions)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Thirty Chorale Preludes of J.S. Bach, From the Neumeister Collection (Mel Bay Archive Editions):

0 of 0 people found the following review helpful. My month is up so I am stuck with this ...By AcslarryMy month is up so I am stuck with this book. I only just opened the book since there was a pause in music while on vacations. So the book was missing the first 10 pages. All of Chorale 1 and most of Chorale 2.

The Neumeister Collection of chorale preludes by J.S. Bach was newly discovered in 1985 by researchers at Yale

University where, incredibly, it lay unnoticed for 112 years! Quite remarkably, nothing in these works needed to be altered to accommodate the guitar. Indeed, each part lies upon the guitar fingerboard as if it has been composed for the instrument. This book is an excellent resource for teaching a lyrical, contrapuntal style of playing at any technical level and provides a wealth of new concert material for guitar duos.
