I can not express enough my appreciation for the 20% slower tracks. I wish other accompaniment books did this. I am afforded the opportunity to practice and enjoy playing with the accompaniment even though I have not yet mastered the music. Also, the music is not artificially faster than intended to match the tempo that professional often play. The 100% tempo tracks are still manageable on the tempo while remaining a challenge. 0 of 0 people found the following review helpful. Challenging music for altissimo trumpet. By Blue Lou Excellent practice tool. Give your D Trumpet a workout 1 of 1 people found the following review helpful. Quality tracks By BruK I needed this b/c I was playing for a concert and didn't want to play for an accompanist, this worked great
