I knew the illustrations would be perfection but the paper quality is wonderful. It is very white, thick and fairly smooth. I have used Prisma Premier colored pencils and they did beautifully. THIS book also features quotes from the story line with many of the illustrations so it be a wonderful gift for a mother or grandparent to color and pass down to their family! The cover is very heavy and has shiny gold metallic highlights and lettering. The cover also is colorable and features two large fold out flaps on both the back and front...the inside of the cover has beautiful illustrations also. I don't mean to say that the "cover" is separate...it is the book itself. I think anyone would be very pleased and actually surprised with the quality feel and appearance of this book once it is in your hands! I am super pleased!107 of 110 people found the following review helpful. The Best Kindle Option AvailableBy Neil JordanI took a gamble on buying this edition when no one had reviewed it yet. I tried several other Kindle editions available and had found them truly appalling in terms of formatting. This however, is significantly better, featuring well structured chapter breaks and all the original illustrations, which enhance the story a lot.Furthermore, considering it contains both books, plus the excellent Hunting of the Snark, it is a fantastic price.However, there are still some glaring mistakes, such as some formatting bugs in a few of the poems and spelling errors in places (such as at the start of Looking Glass, where some of the Ls are replaced with 1s - I guess a scanner did the 'writing here').5 stars for the great price and superior formatting over the other options. -1 star for the glaring lack of proof reading from the publisher.2 of 2 people found the following review helpful. Very good book!By ValerieI read the book along with the notations and it is very interesting to see where the

actual story lines come from or how they were made up. Very good book!

When Alice steps through the looking-glass, she enters a very strange world of chess pieces and nursery rhyme characters such as Humpty Dumpty, Tweedledee and Tweedledum and the angry Red Queen. Nothing is what it seems and, in fact, through the looking-glass, everything is distorted.
