I've heard the series and found it more interesting and arresting. Perhaps the selection could have been better selected 1 of 1 people found the following review helpful. A very interesting and uplifting read.... By JLKI love this series on NPR, and was looking forward to the book, so I got it on my kindle. I wasn't disappointed! The stories are always very heartwarming and interesting on the radio, and they translated perfectly to the book. I probably shouldn't have given it only 4 stars, but it seemed so short! I wish only that it had been a lot longer... 0 of 0 people found the following review helpful. Five Stars By Steve Boyse very cool book

In celebration of StoryCorps ten year anniversary, Ties That Bind goes to the heart of the project's great mission, sharing stories that are a testament to family and to the diversity of American experience. From the story of one couple separated temporarily by divorce and then permanently by the tragedy of 9/11, to the amazing power of forgiveness shown by a mother toward her sons repentant killer, these are moving, uplifting, real-life stories from everyday Americans, gathered by StoryCorps and heard on NPR's Morning Edition. This highlight edition features exclusive

audio contents, including StoryCorps founder Dave Isay in conversation with NPRs Scott Simon, as well as oral historian Studs Terkels memorable dedication of the StoryCorps booth in Grand Central Terminal. These moving, humanity-drenched, first-person accounts epitomize the strength of the ties that bind us to each other, against the pull of powerful forces.

[A] fascinating and inspiring set of interviews and discussions. . . . Audio edition boasts strong readings of the tales. Publishers Weekly
