**From Brand: Time Out : Time Out Film Guide 2010** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Time Out Film Guide 2010:

0 of 0 people found the following review helpful. Strong on International Films By Herbert L Calhoun I bought this film guide primarily because it was strong on international films, and while it is not the most comprehensive in terms of American films, it is unsurpassed as far as foreign films are concerned. Also the reviews are professional, not Micky mouse. The main drawback is that it only covers the last 41 years. For an old coot like me, that is not nearly

enough. Therefore, I have supplemented it with another more comprehensive guide. Four Stars6 of 6 people found the following review helpful. G-Man's ReviewBy Fredrick GuitanoThis book is essential for any film buff. I have been buying The Time Out Film Guide for over 10 years now, and no other film guide comes close to it in providing interesting, well-written reviews, and information on thousands of films. It is well organized and easy to use, and provides info on film-related web sites and the most recent international film festivals, along with a well laid-out index. If you love movies, don't pass this fantastic guide up!5 of 19 people found the following review helpful. skimpyBy NancyThis book is a big disappointment. The descriptions are good, but It doesn't include many, many movies. The listing of screen stars is incomplete.

The 18th edition of this indispensable guide, comprising a whopping 1,400 pages, contains all the features readers have come to expect. Equally useful for trivia hounds, casual dippers, and hardcore cinephiles, Time Out Film Guide 2010 shows a happy egalitarianism, with popular genre movies reviewed alongside art-house treasures. The series has been hailed for having more complete international coverage than any comparable film guide, and this edition proves it with 500 new reviews in every genre of world cinema. Dozens of appendices arrange movies by category from dramas, thrillers, and comedies to Italian, Japanese, and Iranian films. Cast and director lists make it easy to locate a favorite star or auteur, including the year of each film cited. Extensive cross-indexes, one of the series trademarks, have been updated. Reviews of notable DVD releases and a list of the worlds 100 key film websites help make this the one must-have film guide.

You certainly couldn't do much better than the Time Out Film Guide 2008...Noted for its strong international coverage, the reviews are both informed and informative, while the additional material makes for an all encompassing reference work. Film The best one-stop shop on the market for film fans who credit themselves with tastes beyond the mainstream... The only one worth buying annually Empire It's a movie-info mine so addictive that every dip-in risks total submergence Total Film Pound for pound, the Time Out Film Guide is the film buff's annual of choice. James Christopher, The Times A fantastic read and an invaluable reference tool. Total DVD
