New York's most famous bus driverBy Rocco DormarunnoWith the recent passing of Art Carney, I found myself reviewing all those episodes of The Honeymooners that I had taped over the years. I've always considered myself an "expert" of the show, and even as I laughed again at the antics of Ralph and Norton, and their long-suffering wives, Alice and Trixie, I discovered new things. Then a friend of mine told me about this book, "To the Moon!: The Honeymooners Book of Trivia" and discovered I was I mistaken about my expertise.John

Katsigeorgis has compiled a great list/quiz of Honeymooners trivia and created a thoroughly enjoyable book that any Kramdenophile will LOVE! The questions range from the obvious to the "I should have known!" to the real tough. An extra bonus is the sprinkling of dozens and dozens of photos throughout the book, many of which I had never seen. No lover of the show should be without this book, and it makes a great gift for anyone you know who is. 1 of 1 people found the following review helpful. Lost episodes By Billy Hengdrey A true lover of the Honeymooners (Originals) would notice that this book contains mostly lost episode trivia. The book is very well put together. The fact finding and pictures must have been a tremendous task. My search is still on for a trivia book that contains only the original episodes. Have you created a household utensil to do the work of all of these? Humman a humman a humman a. Can it core A apple? Long live the Honeymooners. (the new movie will not do the show justice.)

The Honeymooners is one of most popular and widely syndicated shows ever, with fervent fans who can mouth every delicious zinger along with the characters. But how well do they really know the show--its background, its tiny details, its actors, its trivia? With this collection of more than 100 challenging, hilarious, and well-illustrated quizzes about Bensonhurst's best-loved foursome, they can finally find out. What is the full birth name of Art Carney? What are some of the more amazing properties of the Handy Housewife Helper? Can you name the Honeymooner who was born in China and spoke English as a second language? Do you know which episode showed the jacket of a Raccoon uniform for the first time? Filled with thousands of multiple choice questions, word scrambles, fill-in-the-blanks, and much more, this fantastic compendium will confound readers as they rack their brains and try to come up with more than "a mere bag of shells."
